

BAGONG SILANG CHURCH VICTORY REPORT (OCTOBER 2015)

Praise the Lord!

Last October 4, 2015 , Sis. Kim Zyrah Joven got the Holy Ghost after few weeks of regularly attending the church service. She is 15 years old and classmate of Sis. Darlene Castillo, she is now living with her auntie together with her two younger siblings for her mother had passed away already and their father was not with them. On that Sunday, she had a conflict with her auntie as her auntie said that she can no longer support their everyday needs and letting her to think of other way so that they can have their means of living. But on that Sunday, Sis. Kim gave it all to God for she knows that God can gave her whatever she'll ask. She was filled with the Holy Ghost and on the next church service she testified that truly God is great for when she went home after church service that Sunday, her auntie hugged her and tell her that she will do her best to help and provide her needs and her younger siblings. Thank God for this as her auntie continue to support and accept her belief and faith to God.

Last October 11, Sunday Morning church service, we have a strong moving of the Holy Ghost as we also have first time and regular visitors who attended. One of our regular visitor, Bro. Mark Wheeler King, 35 years old, husband of Sis. Karen King, a relative of Nario family got the Holy Ghost. On that Sunday, he was scheduled to receive water baptism as he decided to do so though he wasn't have Holy Ghost yet when he made this decision. But as the strong moving of the holy ghost moves, God respect his faith and he got it, just before the service end as the water baptism was scheduled. We have three souls baptized, Sis. Maricar Tarpin, Sis. Kim Joven, and Bro. Mark King.

Last October 22, Thursday evening as we have our midweek church service one of our young people regular visitor, Bro. Joshua Noguerras received the Holy Ghost. He's 18 years old and a friend of Dugayo family.

Last October 25, Bro. Joshua Noguerras got baptized in Jesus name. His family is a devoted Roman Catholic, his mother is a Catechist and Evangelist. When Bro. Joshua's parent knew that he accept our doctrine and attending in our church, his parents got mad to him and change their treatment to their son, but Bro. Joshua continue to fight for his faith because he knows who Jesus is and he believes that he truly found the true doctrine.

Few days before the Youth Camp came he asked permission to his parent for allowing him to attend the three days Youth Camp but his parents got mad to him. Despite of that hindrances he never lose his faith because he knows that attending Youth Camp will make him stronger in faith. And the day before Youth Camp he notice that his parent hide his stuff and clothes for him not to attend Youth Camp. But he attempt to asked permission to his parent one last time. Unfortunately his parents made a decision for him to choose, as he was on the crossroad when his parent said "If Bro. Joshua will attend Youth Camp he's no longer welcome in their home." Bro. Joshua prayed and gave his full trust to God. He attended Youth Camp.

Last October 25 also, we have a welcome service to our beloved Bishop and Ma'am White with four visitors: Elder Schroader, Elder Miller, Elder Evans, Elder McKinney and Bro. John Wright from Bishop White's church. Eld. McKenny preached on that service about "The Barabas Church". God move so strong, One of our regular visitor, Sis. Darlene Valeros 16 years old, one of the friend of Bro. Marlon Chacon got the Holy Ghost.

We thank God because in every church service we have a first time and regular visitors and were so thankful for the young ladies teaching Children Bible Study every Sunday in our church as many children were attending and always excited to hear bible stories and memorizing memory verse.

It's been a great blessing for all the young people who attended the last youth camp held in Calamba last October 29th through 31st. Thank God for all the preachings we heard from the visiting American elders who helped us in strengthening our faith as they teach us and encourage us to stand for Jesus no matter what this world could offer. Thank God for these great blessings. To God be the glory.
