

BAGONG SILANG CHURCH VICTORY REPORT (SEPTEMBER 2015)

Quarry Bulacan is one of the outstation of Bagong Silang Church, the Gudmalin family lived there and they were converted in the year 2007.

On 2008, the evangelism and children bible studies on that place started. The young people of Bagong Silang had the burden to pay the monthly rental of that small place of worship down there in Quarry Bulacan but unfortunately in the year 2013, the owner of the rented church decided to stopped the lease. The church service was stopped but the children bible studies every week continued with the help of the hardworking children bible teachers.

We prayed that God will lead us once again to have a right place in order to continue the church services. The brethren together with the Gudmalin family was looking for a place until God lead them to find the place, a for rent church which were rented by other sect before(they left 5 months ago). The Gudmalin family approached the owner if we can rent it, the owner asked question first if we are serving one God because the owner is a Christian and they will not be allowing us to rent if we are not also a one God believer. Thank God for He alone, the one true God whom we serve.

We gave thanks to the Lord that once again he answered our prayer and open the door for our outstation. Thank God for the Bagong Silang young people who have a burden to support and contribute for the monthly rental and the payment of utility bills. Thank God that we had many precious children who enjoyed attending children's bible study. Gudmalin family were very much happy for the reopening of church service in their place as we have our midweek service every Tuesday and Sunday afternoon service. Glory to God for He answered our prayers and He knows our needs.

Barrio Puti Masantol, Pampanga is one of the outstation of Bagong Silang Church too. It was in the year 2007 when this outstation was open, evangelism, street service and children bible studies started. Torno family is one of the brethren converted on the same year when suddenly in the year 2013 the outstation was stopped due to the adjustment period of the church. And this year, Bro. Erwin with his companion went back there to continue the evangelism and as they first went there, they saw how hungry and thirsty the Torno family was in hearing the Word of God. The Torno family shared their feelings as what they felt when they started to attend other sect, they said that they're looking for something that is lacking, they've wanted to feel again what they felt before. That was how they were longing for the true presence of God just like what they've experienced already though on the time they were no longer hearing the Word of God as they experienced the hardship of life but still they did not forget to hold on and called upon the Lord as they are hoping and praying that once again God will open the door down there. We had bible studies for the two families having nine contacts.

We thank God also for the young ladies and young couple who kept on teaching Sunday school in the church with the attendance of 50 children. The children were very much excited and enjoying to attend their Sunday school. Also, each services that we had, visitors were coming and testifying how God works on their lives and how happy they were to feel God's true presence.

Almost 10 regular visitors were attending church service, mostly young people and they were so happy to found the true doctrine. In fact, because of the faith of our one young man regular visitor, Bro. Ramil Lorenzo, 19 years old, classmate of Sis. Loida Dugayo received the Holy Ghost last September 13 and was baptized in Jesus name last September 27. Thank God for this soul despite the fact that there are hindrances for him to attend the church but now he saw that there's been a lot of changes when he received Him.

Also last September 13, Bro. Gerald Gudmalin, 13 years old, son of Bro. Mar and Sis. Gemma Gudmalin received the Holy Ghost as he responded to the evangelistic preaching of Elder Cajanding for those who really wanted to have it and God didn't failed him, he received it according to his faith. Bro. Gerald received water baptism in Jesus name last September 20.

Thank God for these great victories of the church, thank God for the continued growth of the church and thank God for a pastor, Elder Cajanding who always support and pray for the church, leading us into spiritual path. To God Be the Glory!
