

Initao Church Repair Update

Bishop;

“Praise the Lord”

Greeting's in Jesus Name!

May 16, 2016 we started the repair at Initao Church, for one week period we completed the replacement of all the roofings and also the ceiling at the second floor and also replacements of the rotten floorings. At of this time we are now at the ground floor, preparing for the ceiling and also plastering of the concrete walling. Hopefully in the 3rd week work we can complete the repair and we can already start the painting of the church building.

Aside from the repair of the church building we are so thankful to God that new souls now in Initao Church. We baptized two new souls a husband and wife and other two being re baptized. Bro. and Sis. Balmes are trying their best to promote Evangelism in this church.

We give our big thanks to Pastor P.J. White for providing the needs of Initao Church repair and also to Evangelist Trey Elliot.

We need prayers for Sis. Barrero mother. Last May 16, 2016 we brought her to the hospital for she lost her strength, she is now 78 years old. At this time she is now at Bulua, Sis. Barrero is the one taking care of her. We need prayers that our Great God will return back her strength, as of this time it is hard for her to stand.

Lastly best regards to you Bishop and to Ma'am White together with your two precious son's with their family.

In his service,

Eld. Regino Barrero
