

LUCENA CHURCH VICTORY REPORT

(JULY 2016)

Prayer Answered!

God is good!

We give the highest respect, honor and our sincere gratitude to our God almighty for His goodness and mercy in our Life, for his un ending blessing that provides the needs of Lucena church building ongoing construction.

We also want to thank our Bishop White for his love and labors for us, and God use our Bishop for us, to make the Lucena Church Building Construction possible.

In this time of Lucena church building construction, all was in full blast and in hard work joining together to finish the building construction, Lucena church was excited and joined as one in prayers and in action, from children, picking up nails small lumbers, young people ladies and wives, chipping hard dried cement in the floors, sifting sand, mixing cement mix, putting in pails and giving to the young people boys and husband who are plastering walls and some men are using all their strength to transport the materials by means of pulley from ground to the roof top and third floor. Everybody was so busy, shedding perspires while working but it seems that we still need men to help us volunteering in daily basis, for we still have tons and lots of work to do in order to meet the Lucena church dedication in the month of October and the Luzon youth Camp that also Lucena church will be hosting. So our Pastor with his wife, ask help from God in prayers and fast to send more men who will help to volunteer in the church work and construction. And last week God answered the prayer of our Pastor, as he sweep and shovel the loose sand in the ground floor, there in the end of the street he saw the Revadavia family, (a husband, wife, 2 teenage boy, lady and 4 year old boy) who stops going to church for almost two years, is walking towards him, our Pastor was happy and all smiles and he said to them How are you and your family my brother? The father, Bro. Guiller Revadavia answered, "Pastor, I want me and my family go back to God please accept me and my family and we will help to volunteer in our church construction, Pastor Pabanil replied, "Bro. Guiller, God loves you and your family, and he wants you to be saved, once again the grace and love of God came to you and your family" you are so welcome here, after the Revadavia family hear those words from our Pastor, the family start at once to work and volunteer in our church construction, Pastor Pabanil went up to the Parsonage, calls his wife and said in tears, we must pray and thank God for he answers our prayers, God send one family back to church and they

are willing to volunteer in church construction, really and truly, God still answers our Prayers and keeps on performing Miracles and wonders in Lucena Church.

The Revadavia family is now helping in the church work and they spend their time to volunteer for the church ongoing construction. Bro. Guiller Revadavia work with all his heart into the church. He helps to pull the sands and cements going in the rooftop. He is not used to heights but there is God who takes care of Him. Though the weather sometimes is not really good but there is determination to continue working for God's kingdom. And God is always there to give us strength that we need. We were happy to see this family working together and helping in the church work. And they are now faithfully serving God.

Our Highest Honor and to God who is always there to answers our prayer.
