

## **LUCENA CHURCH VICTORY REPORT ( OCTOBER 2015 )**

Praise the Lord.

We thank the Lord Almighty for His goodness to us. It is a great victory that we had our first service in our new church building last October 4, 2015(Sunday). Every time it rains hard, we're not worrying anymore about getting flood and getting wet inside. Before, in our temporary church, every time there's a heavy rain and continuous pouring, water comes in and floods got high above the knee. And all the instruments of the church were needed to put up in the pews. And covers all the things that might get wet because it seems like it also rain inside the church because of many holes above the roof. And that's why our service we're postpone twice. But through united prayer and fasting, we're able to transfer in our new church building by the help of God, and we have a good service from then on.

And so we are very thankful for the great support of our beloved Bishop and Ma'am White and to all the sponsors. Now, we are comfortable every time we have service even the visitors. And we're also thankful to God for Bishop and Ma'am White together with Elder Schroader, Elder Miller, Elder McKinney, and Bro. John Wright visited us here in Lucena church last October 27, 2015(Tuesday). Our heart we're overwhelmed by their great desire to come here in Lucena church. We thank the Lord for Elder and Sis. Barrero we're also here. We had special service at 5:00 in the afternoon with them. We we're so blessed by their testimonies and encouraged every one of us to keep on serving God. Elder Miller preached to us about "Don't give up serving God". The world offers you all but Elder Miller says, He's been there and it's not good and that we need to contend for our faith. This preaching lifts us and touches our very soul. We thank the Lord for the good service we had and the spirit move in the midst of our service. We glorify God for His goodness to us and for answering our prayers.
