

LUCENA CHURCH VICTORY REPORT (SEPTEMBER 2015)

God helped us to feed our Visitors!

We are thankful to God for giving us victories in Lucena evangelism.

We are also thankful to God for touching the heart of our visitors who came to church to attend our service last September 6, 2015 and felt compassion for those hungry souls going inside the church and finding place for them to sit for all the chairs were already occupied by visitors. We rented more chairs for them and detached one side of the wall of our temporary church while the brethren of Lucena is standing outside the church during our service because we all gave our seats for our visitors, and our hearts are filled with joy in praising and thanking God for his mercy.

God did also help us to feed our visitors. That Sunday we only prepared lunch with the help of the young people, for 80 persons only, the food is for the church evangelism visitors, the acts students, Bro. Minh with his family and my family. But in the middle of the service as we counted our visitors it reached 128 persons, so me and my wife started to worry if how can we feed all those visitors that are in the church, where we will place them to eat because our church area can't accommodate them all, so Sis. Pabanil went to the kitchen, gathered all our plates that we have, and instructed some ladies in the church to prepare the lunch and put in the plates individually and while doing they are praying that God will bless the food that we can feed all the visitors who attended our church, and Glory be to God, as Sis. Pabanil and the ladies putting the foods in the plates they are counting to 102 until it reached 156 plates, Glory be to God for God blesses and adds our food and he didn't let us to be run out of food for all our visitors although we cooked lunch was for only 80 persons but God did bless the food until it can feed 156 persons, we remember what God did in his one of the miracles feeding the people with only 2 fish and 5 loaves of bread. And we also thank God for the vacant lot beside our temporary church and parsonage was suddenly arranged and the 128 visitors were accommodated at the same time to eat the lunch, we really thank God for his mercy and goodness to us.

We want to give all the Glory to God.
