

Glory to our God

Praise the Lord!

God has been always good to us. He's there to guide and protect us every second of our life. And it was a great victory that He keeps the volunteers safe in constructing Lucena church building especially that we are in the rooftop of the building. The God that we serve is a living God who knows everything and we are so grateful to Him for guiding us always. Working in the rooftop was really dangerous and very hot but the volunteers work with all their might with Gods help. Most of the volunteers were young people of Lucena church and one of them is Bro. Jomar Reniedo. He is 17 years old. As Bro. Jomar Reniedo worked last Monday afternoon of May 23, 2016, he felt cold all over his body despite of the heat of the sun, so he went down at church auditorium and the moments his feet step in the church. He suddenly felt the numbness of his hands and feet, then all over his body, He can't move his fingers and his sight became very blurred. He started to cry, and passed out, but he was awake and saw Pastor Jonathan Pabanil with other brethren praying for him. Then he start praying, and the numbness in his hands and feet joints began to relax. We deeply give thanks to our God Jesus Christ for Bro. Jomar Reniedo hands and feet didn't went numb and passed out while working in the rooftop of our building because he was assigned to help tying the iron beams in the side part of the rooftop still without any hollowblocks around the rooftop. Our Pastor advised him to have a checkup and as Bro. Jomar Reniedo consult in the Specialist Center, There is a suspicious density seen on his upper lung. And he still needs to undergone in Apicolordotic view. Despite of these we'd seen the great move of God in his life. After 2 days, he is able to work again as a volunteer in our church building. God gave him the strength and good health he needs. Bro. Jomari Reniedo continues to pray for God's complete healing. There is no impossible to God as we continue to put our trust and faith on Him. Glory to God for His goodness continuous and His mercy endures forever.
